4 \$7,500 CHRISTMAS PRESENT TO the first man or woman that will take my 937-acre farm. This farm is reasonably worth \$15,000, but I am going to sell it for \$7,500, thereby making some one a present of half its value. I have no use for this property, hence my reason for offering it at this price. This farm is in a good community and only one mile from post-office, stores, mills and good graded school; has a good tenroom brick and frame residence, with beautiful shade and lawn; splendid water; all kinds of fruit; good stables, two tobacco harns and other outbuildings; 175 acres under cultivation. The merchantable pine, oak and poplar, except on sixty acres, has been sold and will be removed in a short while. The land can be cleared with very little expense. There is not an acre of waste land; all is rolling enough to afford good natural drainage, and will produce equally as well as the land now in cultivation. Three-hundred acres, with the buildings and cleared iand, is worth every dollar I am asking for the entire 93 acres. Yours for a quick deal. E.
